WHY CHOOSE US

Burkholder's Heating and Air Conditioning, Inc. has served the Lehigh Valley and surrounding communities for over 50 years. We are dedicated to serving our customers with customized solutions, quality duct work, unsurpassed service, and support.

In certain applications, standard stock metal fittings just won't do. That's when you need Burkholder's HVAC Custom Sheet Metal Fabrication Department.

Our Sheet Metal Fabrication Department can custom fabricate, install, and maintain ductwork, and other products for both residential and commercial customers.

We follow SMACNA Standards on all of our fabricated duct work creating a quality product that offers a cost-effective and on-demand solution for your manufacturing needs.

Custom Sheet Metal Duct Work for HVAC

Available in paint grip; galvanized 20 through 26 gauge; acoustically lined 1", 1/2", or bare.

With our plasma table we can fabricate and deliver your custom duct work quickly and inexpensively.

WRITING STANDARDS
